

APFCB—BC Education Symposium

Supporting the Complete Laboratory Diagnostic Process

The APFCB-BC education symposium, which was a dinner lecture, was held at the Langham Place Hotel on 11 December 2007 with 132 attendees. Speaker of the night was Professor Sunil Sethi. O (picture). Professor Sethi was the Senior Consultant and Chief of the Department of Laboratory Medicine, Head of the Division of Clinical Chemistry of the National University Hospital, Singapore, and President of the Singapore Association of Clinical Biochemistry.
