### TITLE INDEX - 2004 VOLUME 12

#### EDITORIAL

Medical ethnics and dermatology	(1):3
Occupational medicine and the dermatologist	(2):63
Development and outlook of cosmetic dermatology	(3):123
"Modern" dermatopathology: facts and fictions	(4):183

#### ORIGINAL ARTICLES

'Measuring' eczema in children: what actually are we measuring?	(1):6
The effect of chronic cigarette smoking on the response of anogenital wart in male Chinese patients to topical 25% podophyllin therapy	(2):65
Pemphigus foliaceus: a clinical study of 32 cases in Hong Kong	(3):126
Granuloma annulare: review of 31 cases in Social Hygiene Service	(4):186

#### REVIEW ARTICLES

Interpretation of Pap smear reports	(1):12
Radiation-recall dermatitis associated with cytotoxic chemotherapy	(2):71
Biological breakthroughs in the treatment of psoriasis	(3):133
Urticaria: an immunologist's viewpoint	(4):194

**PEARLS IN DERMATOLOGY**

- How I manage recalcitrant hyperkeratotic palmoplantar eczema (1):19
- How I improve a dermatological scar (2):79
- Subdermal liposuction: a safe therapy for axillary hyperhidrosis (3):143
- How I treat a square face with botulinum toxin A (4):200

**CASE REPORTS**

- A lady with recurrent itchy papules: eczematid-like purpura of Doucas and Kapetanakis (1):24
- Elephantiasis nostras verrucosa associated with psoriasis in a Chinese patient (1):29
- Subcutaneous granuloma annulare presented as multiple nodules of the lower leg (1):33
- Plasma cell balanitis: an uncircumcised man presenting as chronic balanoposthitis (2):84
- Folliculitis decalvans responding to isotretinoin therapy (2):89
- A lady with multiple papulonodular lesions: a case of papulonecrotic tuberculid (2):93
- Granular cell tumour: a rare cutaneous tumour presenting as a skin-coloured nodule on the neck (3):147
- Merkel cell carcinoma presenting as a rapidly growing mass in an elderly Chinese lady (3):152
- Mixed skin adnexal tumour arising from naevus sebaceus: a woman presented with a scalp nodule (3):157
- Angiolymphoid hyperplasia with eosinophilia in a Chinese lady (4):203
- A 74-year-old lady with alopecia: alopecia mucinosis idiopathic type (4):206
- Dystrophic epidermolysis bullosa presenting as scarring skin eruptions and nail dystrophy (4):210

**REPORTS ON SCIENTIFIC MEETINGS**

(reported by Chan PT, Chan YH, Tse CT, Luk NM)

- Recent advances in psoriasis therapy (1):37
- Calcipotriol-betamethasone dipropionate combination: a new unique topical therapy for psoriasis (1):39
- Dermatology Winter Symposium (1):40
- Immunotherapy for viral skin conditions and other dermatoses (2):97
- Social Hygiene Symposium 2003 (2):99
- 62nd Annual Meeting of the American Academy of Dermatology (2):103
- Latest application of intense pulsed light on skin rejuvenation and acne treatment (3):162
- Advanced flash lamp (pulsed light) technology (3):165
- A new breakthrough technology of targeted tunable wavelength phototherapy for vitiligo, psoriasis, atopic dermatitis and leukoderma (3):167
- An advanced selective photo clearing system to target *Propionibacterium acne* bacteria and photo-aging skin (3):168
- Annual Scientific Meeting 2004 (4):215

**DERMATO-VENERELOGICAL QUIZ**

- Sweet's syndrome (1):44
- Dyskeratosis congenita (2):106
- Progressive symmetric erythrokeratoderma (3):170
- Prurigo pigmentosa (4):223
